
A
Spearman rho = 0.15
δ 15N (per mil vs air)
Cesspool exposure index (log scale)
B
Spearman rho = -0.35
δ 15N (per mil vs air)
Agricultural land cover (ahupua'a)
Island
O'ahu
Maui
Moloka'i
Lāna'i
C
Cesspool exposure
Agricultural land cover
NOx concentration
Storm rainfall
Effect on logit(waste-associated fraction) per SD of predictor
Joint model, no enrichment allowance
Joint model, enrichment allowance
Modular check (conservative)
